# SELCO Local Lines

JUNE 2020

## JULY HOURS

**JULY 4th**
INDEPENDENCE DAY
OFFICE: CLOSED
HELP DESK: CLOSED

## APPLIANCE REBATES

SELCO is offering a rebate program for customers interested in purchasing Energy Star rated appliances including washing machines, refrigerators, and room air conditioners. A new Energy Star appliance will help conserve water and/or energy.

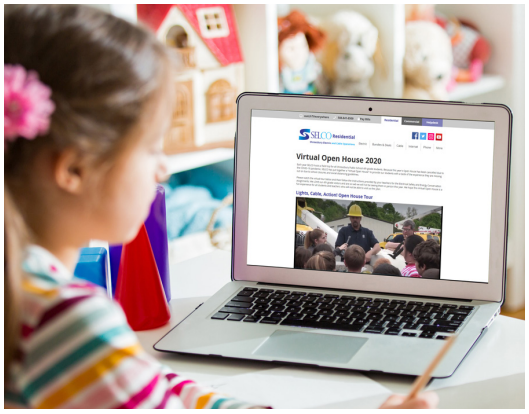
Qualified appliances must be purchased between Jan. 1, 2020 and Dec. 31, 2020 and postmarked by January 31, 2021.

Visit our website for more details - ***SELCO.ShrewsburyMA.GOV/REBATES***

## ELECTRIC RATE COMPARISON

750 kWh of Electricity cost as of ***June 1, 2020***

## VIRTUAL OPEN HOUSE



Each year SELCO hosts a field trip for more than 500 Shrewsbury Public School 4th grade students. Because this year's Open House was cancelled due to the COVID-19 pandemic, SELCO put together a "Virtual Open House" to provide our students with a taste of the experience they are missing out on due to school closures and social distancing guidelines.

Students learned about electric generation, transmission, distribution, safety, and conservation. Our virtual tour of the garage and each station was provided by Shrewsbury Media Connection and SELCO's "Lights, Cable, Action!" hosted by SELCO Commissioner Maria Lemieux and General Manager Michael Hale.

We missed seeing our 4th grade visitors in person this year. We hope the Virtual Open House was a fun experience for all students and teachers!

## CONGRATULATIONS CLASS OF 2020

Congratulations to all 2020 Shrewsbury graduates! High school graduation is an important milestone in your lives. This year has presented your class with unique challenges and many missed opportunities to say goodbye to classmates, teammates, faculty, and coaches in the usual ways.

Although we have had to keep our distance, it has been amazing to watch your class come together remotely to make memories and create space for your connections and relationships to thrive in a new environment. Your resilience, determination, and creativity will serve you well as you tackle each new challenge that comes your way. The Shrewsbury community is incredibly proud of your accomplishments and we stand behind you in your journey to what's next.

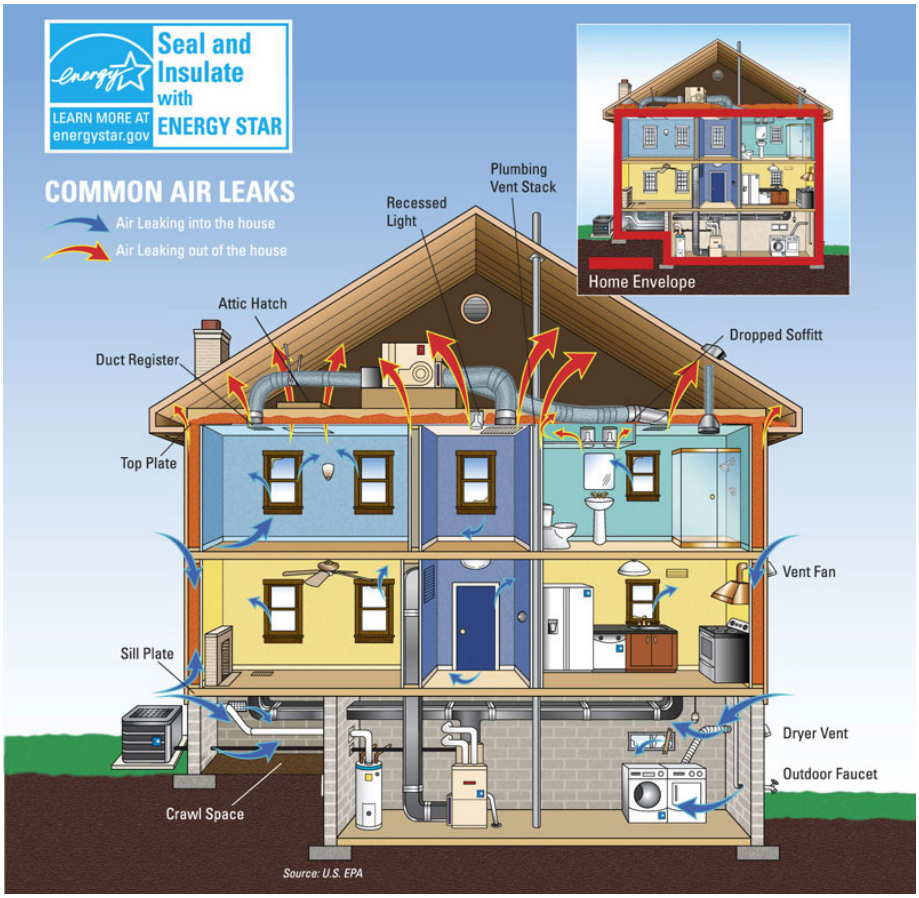
## ENERGY STAR HOME IMPROVEMENT TIP:

***Reduce Air Leaks and Add Insulation to Save Money***

Want a cost-effective way to improve energy efficiency at home? Seal gaps, cracks, and other leaks that let outside air into your home (especially in the attic), add insulation in the attic, and seal and insulate air ducts that run through attics or crawlspaces.

Many air leaks are easy to find because they are easy to feel – like those around windows, doors, and through electrical outlets. But hidden air leaks in attics, basements, and around chimneys are often more significant sources of energy loss.

Consider addressing these big leaks first because they will have a greater impact on improving your comfort and reducing your utility bills. Energy Star's "Seal and Insulate with Energy Star" has great pictures and suggests places to look for these leaks. Visit the Energy Star website for more information at **www.energystar.gov**.



WIN AN IPAD MINI!

Sign up for Autopay at SELCOEZPay.com by August 31, 2020 for your chance to win.
