NFL REDZONE NOW AVAILABLE

NFL RedZone is an all-in-one channel where you can watch hours of live football, and see every touchdown from every game, every Sunday afternoon during the NFL regular season. When a team reaches the 20-yard line, RedZone cuts to the local broadcast of that game. RedZone can show up to 8 games at a time, using the NFL RedZone Octobox screen.

RedZone also takes fans back to watch any turnovers, game-changing plays, and scoring plays outside of the designated RedZone, so they can see all the incredible action Sunday afternoon games have to offer.

Call 508-841-8500 now to order and watch every touchdown from every game, every Sunday afternoon throughout the regular season!

\$59.95 FOR THE 2023 SEASON!

(Digital Cable, High Definition, TiVO, or SELCO Stream Package is required)

MOR-EV REBATE EXPANSION

Massachusetts recently expanded the MOR-EV rebate program to include

- \$3500 rebates for used EV's for income qualifying residents
- \$1500 rebate adders for income qualifying residents
- Increased rebates for certain light-duty pickup trucks
- The launch of rebates at point-of-sale with participating dealers

Learn more at mor-ev.org, and double up on savings by utilizing SELCO's new and used EV and EV charger rebates up to \$1600 for income qualified customers!

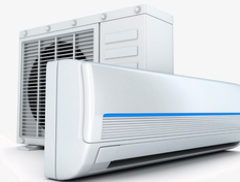

ELECTRIC VEHICLE REBATES

HEAT PUMP REBATE

Are you interested in upgrading your home heating and cooling system and want to explore clean energy options?

Consider purchasing an air source heat pump. SELCO has increased heat pump rebates for 2023. SELCO customers can save \$1,000-\$3,000/ton on heat pump systems.

Eversource gas customers in Shrewsbury can also get up to \$10,000 for a Whole Home Air Source Heat Pump, or \$1,250/ton for a partial Home Air Source Heat Pump from Mass Save.

October 1-7 is Public Power Week... and we have reason to celebrate!

Like more than 2,000 utilities across the country, we are powered by a community-owned, not-for-profit public power utility. During Public Power Week, we celebrate the benefits of living in a public power community including:

- Low rates
- High reliability
- Dedicated, local service
- Community focus
- Economic development
- Local decision-making
