

## SELCO is on the Clock!

Driving downtown this summer, you may notice the clock across from Beal School has a SELCO logo and is now working!

SELCO restored and took over maintenance for this local landmark on behalf of the Rotary Club in May. Make sure to take a look when you drive by!

## Farmers' Market

The Market is underway through September 28th. Come on down to the Shrewsbury Senior Center parking lot on Maple Ave. every Wednesday from 2:30 to 6:30 PM.

## 750kWh of Electricity

Cost as of July 1, 2019

## EV Discounts Available to SELCO Customers

Nissan North America, Inc. is offering eligible customers of Shrewsbury Electric & Cable Operations a special opportunity to purchase the all new, 100% electric, **2019 Nissan Leaf®** with up to \$14,000 in savings off MSRP! The Nissan Leaf® has a range up to 151 miles on one charge, all new interior and exterior styling, optional ProPILOT Assist, and more.

Customers looking into the extended range **2019 Nissan Leaf Plus®** can get up to \$11,500 in savings off the MSRP. The Leaf Plus® has a range up to 226 miles, standard Automatic Emergency Braking, optional ProPILOT Assist, and more.

Quirk Chevy of Braintree is offering up to \$12,250 off MSRP on the all new **2019 Chevy Bolt®**. The 2019 Chevy Bolt® offers up to 238 miles on a single charge, paddle assisted regenerative braking, 60 kW battery, and an 8 year/100k mile warranty.

## EV Scheduled Charging Program

As part of our efforts to accelerate clean transportation alternatives in Massachusetts while effectively managing our distribution system, SELCO is now offering a free Wi-Fi-equipped Level 2 residential electric vehicle charger to eligible customers signing on to our EV Scheduled Charging Program.

### What is a Scheduled Charging Program?

Scheduled charging is a set schedule to determine when you can and cannot use your charger at full power. Through the Wi-Fi connection enabled in your charger, SELCO can set the charger to charge at a Level 1 rate (1.25KW) during periods of peak energy usage for the rest of our distribution system.

Between the hours of 5:00 p.m. and 9:00 p.m. on non-holiday weekdays, your charger will function the same as a standard Level 1, plug in wall charger. Outside of this time period, the charger will automatically unlock to allow you full Level 2 fast-charging functionality.

**Come Visit us at the Shrewsbury Farmers Market on August 14th to learn more about our EV programs and to see a charger in person!**

## WiFi Thermostat Rebates Now Available

A smart thermostat is a Wi-Fi enabled device that automatically adjusts heating and cooling temperature settings in your home for optimal performance.

Smart thermostats that earn the ENERGY STAR label have been independently certified, based on actual field data, to deliver energy savings.

SELCO customers can receive a rebate up to \$125 on eligible Smart WiFi thermostats. Learn more at [munihelps.org/Shrewsbury](http://munihelps.org/Shrewsbury)

## Report a Streetlight Outage

Is there a streetlight out in your neighborhood? Is there one that flickers on and off? Who do you call, what do you do? The answer is simple, visit: [SELCO.ShrewsburyMA.gov/Streetlight](http://SELCO.ShrewsburyMA.gov/Streetlight)

This simple form will let our team know where the streetlight is located and we will be out to investigate and fix the issue as soon as possible!
