ELECTRIC RATE COMPARISON

750 kWh of Electricity cost as of 12/1/2020

SAVE MONEY THIS WINTER

Here are just a few tips for you to save money on your bills this winter. Find more energy saving tips at energy.gov

- **Install and set a programmable thermostat.** You could save an estimated 10 percent per year on heating and cooling costs by using a programmable or wifi thermostat.
- **Use sunlight to your advantage.** During winter months, you can take advantage of sunlight by opening your curtains during the day to allow the sun to naturally heat your home.
- **Maintain your heating system.** Schedule service for your heating system and replace your filter as recommended by the manufacturer, usually every 2-3 months.
- **Reduce heat loss from fireplace.** Keep your fireplace damper closed unless a fire is burning. Keeping it open is like opening a window; it allows warm air to go right up the chimney.

HEAT PUMP REBATES AVAILABLE

Save Up to \$1,200

Mitsubishi Electric is offering SELCO Customers special pricing on the purchase of a cold climate heat pump. Visit SELCO.ShrewsburyMA.gov/heatpump to learn more. This is a limited time offer available through **December 31, 2020** or until funds are exhausted. Ductless heat pumps are extremely energy efficient, you'll save more on your energy bills in comparison to oil and propane.

How to Receive Your Incentive:

- Visit MitsubishiComfort.com and select "Get Started."
- Click on "Find a Contractor" and enter your zip code for a list of qualifying Mitsubishi Diamond Contractors.
- Contact your contractor to find out what equipment qualifies and which system design is right for your home.
- Work with your contractor to complete the installation and receive \$300 to \$600 (depending on the size and number of systems) in upfront incentives.
- After your installation, visit MuniHelps.org/SELCO for a matching **Cool Homes** rebate from SELCO.
