## FREE HOME ENERGY AUDITS

Want to make your home more energy efficient this winter? Do you feel a draft somewhere? Maybe you are interested in lowering your carbon footprint? SELCO offers residential customers a complete home energy audit at no charge.

Our energy experts will identify areas for improvement within your home and point you to programs and incentives that help meet your needs.

When you sign up for your free HELPS audit, an energy specialist will visit your home in person or virtually to:

- Analyze your current energy use
- Walk through your home to point out specific steps you can take to reduce your energy bills (including using thermal detectors to find potential points of heat loss)
- Install various energy-saving materials at no charge
- Identify potential electric alternatives for fossil fueled systems and appliances

Call **1-888-333-7525** to schedule a free energy audit today!

## WIFI THERMOSTAT REBATES

A smart thermostat is a Wi-Fi enabled device that automatically adjusts heating and cooling temperature settings in your home for optimal performance.

Smart thermostats that earn the ENERGY STAR label have been independently certified, based on actual field data, to deliver energy savings.

SELCO customers can receive a rebate up to \$125 on eligible Smart WiFi thermostats.
