750kWh of Electricity

Cost as of April 1, 2019

SELCO's Earth Day Celebration

Please join us as we celebrate SELCO's Annual Earth Day Celebration at Lakeway Commons on Saturday April 27, 2019 from 10:00 AM - 2:00 PM.

This event is sponsored in partnership by Grossman Development Group, LLC (GDG) and Lakeway Commons.

Shrewsbury residents will enjoy a free tree giveaway, kids craft, electric vehicle demos, as well as free herb plants from GDG and giveaways, discounts, and special offers from participating Lakeway Commons businesses.

Follow our Facebook event for weekly updates on the special offers from Lakeway Commons businesses!

All items are first come, first serve.
Proof of Shrewsbury residency required.

Remember to Always Dig Safe!

Planning home improvements? Planting a tree? Installing a fence or deck? Whether you do it yourself or hire a professional, a safe job starts with a call to Dig Safe® at 811.

Dig Safe® is a not-for-profit clearinghouse that notifies participating utility companies of your plans to dig. In turn, these utilities (or their contract locating companies) respond to mark out the location of their underground facilities. Dig Safe is a free service.

It's a risk to make faulty assumptions about when to notify Dig Safe. That's why state law requires you to notify Dig Safe for even small projects, like installing a mailbox or planting shrubs. The depth of utility lines vary, and there may be multiple utility lines in a common area.

It's important to know what's below. Call 811 to avoid utility service disruption to an entire neighborhood, harm to you and those around you, as well as fines and repair costs.

SELCO Supports EV Drivers

Hitting the roads in an all **Electric Vehicle** like the Bolt, Leaf, or Tesla? Read about our scheduled charging program below to learn how you can receive a **free** Chargepoint Level 2 Home Wi-Fi Connected Charger.

If you are zipping around town in a **Plug-in Hybrid** like the Prius or Volt, we want to get you charged up too! Head to <http://bit.ly/evchargerapplication> and follow the steps to apply for a **rebate** on your Chargepoint Level 2 Home Wi-Fi Connected Charger.

EV Scheduled Charging Program

As part of our efforts to accelerate clean transportation alternatives in Massachusetts while effectively managing our distribution system, SELCO is offering a free Wi-Fi-equipped Level 2 residential electric vehicle charger to eligible customers signing on to our EV Scheduled Charging Program.

What is a Scheduled Charging Program?

Scheduled charging is a set schedule to determine when you can and cannot use your charger at full power. Through the Wi-Fi connection enabled in your charger, SELCO can set the charger to charge at a Level 1 rate (1.25KW) during periods of peak energy usage for the rest of our distribution system.

Between the hours of 5:00 p.m. and 9:00 p.m. on non-holiday weekdays, your charger will function the same as a standard Level 1, plug in wall charger. Outside of this time period, the charger will automatically unlock to allow you full Level 2 fast-charging functionality.

Visit SELCO.ShrewsburyMA.gov/EV to learn more about the EV Scheduled Charging Program.
